PARENT ADVOCACY TRAINING

“Creating safe and supportive learning environments is not an option - it’s a must.”
Janelle Wood

October 24, 2019 from 6:30pm-8pm

Betty Fairfax H.S. Parent Resource Center
Bldg. 200, Rm 2101
Office phone (602) 764-9039

Become a better advocate for your children and resolve any issues that may arise in school by learning to work with school administrators/staff and the school board. This training is FOR YOU! Come learn how to navigate the academic and discipline systems that at times pose barriers to students reaching their full potential.

The Parent Resource Center is open to ALL parents, students and school staff. We as parents are needed more now than ever on our school campuses to promote safe and supportive learning environments not only for our students, but for school staff and the surrounding community.
