I was born in Akron, OH and moved to AZ in high school. I have 2 children; Micaela (6) and Jordany (3). My husband is Miguel and he is from the Dominican Republic. I love traveling the world, hiking, and dancing. In addition to teaching Spanish, I strive to assist students in their college preparation and connect them with community resources because my college experience was so valuable to me. I attended NAU for my bachelor's and ASU for my Master's degree. Please reach out anytime!
