

*Phoenix Union High School District #210*

# Procedure Manual

# TEACHER EVALUATION

*Preparing Every Student for Success in College, Career and Life*

Adopted by  
Governing Board  
Revised *July 2015*

The Phoenix Union High School District does not discriminate on the basis of race, color, religion, national origin, sex, disability, age or sexual orientation in admission and access to its programs, services, activities, or in any aspect of their operations and provides equal access to the Boy Scouts and other designated youth groups. The lack of English language skills shall not be a barrier to admission or participation in the District's activities and programs. The Phoenix Union High School District also does not discriminate in its hiring or employment practices. The following employees have been designated to handle inquiries regarding the non-discrimination policies:

**Title IX Coordinator**

Mr. Juvenal L. Lopez

4502 N. Central Ave

Phoenix, AZ 85012

(602) 764-1548

[llopez1@phoenixunion.org](mailto:llopez1@phoenixunion.org)

**Section 504 Coordinator**

Ms. Vicki Heard

4502 N. Central Ave

Phoenix, AZ 85012

(602) 764-1024

[heard@phoenixunion.org](mailto:heard@phoenixunion.org)

For further information on notice of non-discrimination, visit <http://wdcrobcolp01.ed.gov/CFAPPA/OCR/contactus.cfm> for the address and phone number of the office that serves Arizona, or call 1-800-421-3481.

Phoenix Union High School District no discrimina en base a la raza, el color, la religión, el origen nacional, el sexo, la discapacidad, la edad, o la orientación sexual para la admisión y su acceso a sus programas, servicios, actividades, o en cualquier aspecto de sus operaciones y proporciona un acceso igualitario a los Boys Scouts y otro grupos de jóvenes designados. La falta del conocimiento del idioma inglés no deberá ser una barrera para la admisión o participación en cualquiera de las actividades o los programas del Distrito. Phoenix Union High School District tampoco discrimina en sus prácticas de empleo y contratación. Los siguientes empleados han sido designados para manejar las preguntas en cuanto a las políticas de no discriminación:

**Title IX Coordinator**

Sr. Juvenal L. Lopez

4502 N. Central Ave

Phoenix, AZ 85012

(602) 764-1548

[llopez1@phoenixunion.org](mailto:llopez1@phoenixunion.org)

**Section 504 Coordinator**

Sra. Vicki Heard

4502 N. Central Ave

Phoenix, AZ 85012

(602) 764-1024

[heard@phoenixunion.org](mailto:heard@phoenixunion.org)

Para más información sobre el aviso de la no discriminación, visite <http://wdcrobcolp01.ed.gov/CFAPPA/OCR/contactus.cfm> para la dirección y el número de teléfono de la oficina que da servicio a Arizona o llame al 1-800-421-3481.

### Teacher Evaluation Committee Members - 2013

This document was collaboratively developed by a joint committee composed of members of the Classroom Teachers' Association, site level administrators, and CES administrators. The Teacher Evaluation Committee will remain active during the school year to solicit feedback on the instrument, consider revisions to the document and the evaluation process, and ensure that the Phoenix Union High School District (PUHSD) evaluation procedures align to current Arizona Revised Statutes while focusing on maintaining and improving instructional practices.

The following people spent many hours on the development of a new teacher evaluation system. The design of the new teacher evaluation instrument exemplifies their commitment to the profession of education, confidence in their colleagues and dedication to the students that they serve.

Andrade, Thea	Iwer, Diane	Pinon, Dennis
Baca, Johnna	Kemp, Eric	Pletenik, Evie
Clay, Tinika	Kilker, Jean	Schuster, Kimberly
Clifton, Gretchen	Kimura Williamson, Kathleen	Sheppard, Nedra
Coleman, April	Lersch, Matt	Silvas, Manuel
Cook, Kelly	Lopez, Juvenal	Telles, Laura
DelFosse, Franc	Lowes, Paul	Trujillo, Gabriel
Gentry, Resha	Melendez, Robert	Viquesney, Beth
Heard, Vicki	Miranda, Luz	Zimmerman, Marla
Huerta, Reyna	Moukad, Adam	

---

### June 2014 Revision

The people listed below revised the PUHD teacher evaluation system during the summer of 2014. The revisions included minor changes to parts this manual and the addition of rubrics and addenda related to the evaluation of Teachers of the Hearing Impaired (THI), Teachers of the Visually Impaired (VHI), and Speech and Language Pathologists (SLP). In addition, the Committee developed an evaluation manual for Psychologists, and developed or updated evaluation components for Counselors and Behavioral Intervention Specialists.

The following people contributed to this work.

Baca, Johnna	Horvath, Eloisa	Meade, Joseph
Claypool, Sally	Irwin, Sheila	Miranda, Luz
Cogsdill, Diane	Kirk, Tahnee	Niduram, Praphul
Del Fosse, Franc	Looper, Patrick	Peterson, Cecilia
Doran, Marcia	Lopez, Juvenal	Tiras, Aileen
Goode, Natalie	Lopez, Sylvia	Heard, Vicki
Gray, Cynthia	Lowes, Paul

### I. Philosophy and Beliefs.

This system of assessment and evaluation of the performance of certificated teachers within the PUHSD has been developed through a partnership between administrators and certificated teachers. This process reflects the co-commitment of the administrators and the certificated teachers to a climate of mutual respect and student success. The evaluation process is intentionally designed to be supportive, ensuring teachers are provided the opportunity to demonstrate their expertise and hone their skills. Successful implementation depends upon each employee's knowledge and understanding of the components of the process. These procedures are not static, but subject to change and improvement.

Given that student learning is the primary focus of the teacher's professional time, a prime determinant in the quality of learning experiences for students is the classroom teacher and the behaviors exhibited by that teacher. Improvement in the types and quality of behaviors exhibited by the teacher contributes to enhanced student learning experiences.

This system was developed based on the beliefs that:

Teacher evaluation should be a shared responsibility—effective, efficient, and flexible to meet individual needs.

Teacher evaluation should be a dynamic system based on team effort and continuous at several levels.

Teacher evaluation should meet individual and organizational needs for continuous improvement and accountability.

Teacher evaluation will incorporate formative and summative processes, based on professional growth, and student achievement.

Teachers are willing to improve if given options for designing their own professional growth.

Teacher evaluation shall be based on Arizona Revised Statutes, utilizing the governing board approved instrument and administered consistently.

Teacher evaluation feedback shall be timely, direct, and meaningful.

Teacher evaluation is a top priority for administrators and teachers.

The District's evaluation instrument utilizes the required elements of the model framework for a teacher evaluation instrument adopted by the State Board of Education on or before December 31, 2012. The model framework includes four (4) performance classifications designated as Highly Effective, Effective, Developing and Ineffective as adopted by the State Board of Education pursuant to A.R.S. § 15-203 and includes quantitative data on student academic progress that accounts for thirty-three percent (33%) and classroom performance that accounts for sixty-seven (67%) of the evaluation outcome.

### II. Objectives.

The objectives of the assessment and evaluation system are as follows:

1. To ensure that state standards for student achievement and District curricula are taught.
2. To identify teaching standards and elements where strengths are observed and to encourage continued use of related behaviors.
3. Provide teachers the opportunity to create a personally driven Professional Growth Plan with the dual purpose of supporting individual professional growth, Site and District Initiatives.
4. To identify teaching standards and elements where improvement can occur.
5. To determine changes in behaviors which would improve performance on identified teaching standards and elements.
6. To provide professional development opportunities for the teacher to improve performance.
7. To help teachers in the creation of a Professional Development Plan that provides assistance for identified areas of improvement.
8. To provide teachers who are new to the profession and/or District an orientation and support through a three-year teacher induction program.

### **III. Designation of Qualified Evaluators**

The District shall provide training for administrators and teachers who are to be designated as qualified evaluators by the Board. Training shall be according to the outcomes and procedures specified in the Procedure Manual: Certified Staff Evaluation. Qualified evaluators must complete training and demonstrate competency in the evaluation process.

Qualifications for the evaluators are as follows:

1. Knowledge of the policies, laws, and rules related to the evaluation system;
2. Knowledge of evaluation processes, evaluation system and its criteria;
3. Communication, planning, and implementation skills as directly related to the evaluation system;
4. Ability to gather and record data to analyze standards/elements to identify instructional strengths, areas of improvement, and areas of deficiency;
5. Ability to successfully coordinate and implement the evaluation process;
6. Conferencing skills that promote dialogue between the teachers and Evaluation Team members to include identification of teacher strengths, areas for improvement, and strategies to maintain/build effective practice;
7. Demonstrate knowledge and understanding of best practices related to instructional strategies, curriculum standards, and student assessment.

#### **Probationary Teacher Evaluation/Professional Development Teams**

Each probationary teacher shall be assigned an Evaluation/Professional Development Team as part of the evaluation process. An Evaluation/Professional Development Team consists of an administrator and a teacher who is a qualified evaluator. The administrator shall be the team leader and shall coordinate observations, meetings and maintenance of records of the observations. The team leader shall designate team members for the list of teachers who are qualified evaluators. The teacher member of the team will be selected from the qualified evaluators from within the department of the probationary teacher, including qualified Instructional Leaders when possible. If this is not possible, a qualified evaluator from the teaching staff at the school will be used. If neither of these options are possible, a qualified evaluator from another school will be selected. Any exceptions to this will be referred to a committee composed of the Associate Superintendent for Instruction and Accountability (or designee) and the CTA President (or designee). A teacher may appeal the appointment of a team member based on personal bias or conflict of interest at any time during the evaluation process; however, the evaluation process, including timelines, will be continued. (See Section V, Evaluation Safeguards.)

#### **Peer Evaluator Qualifications:**

- Shall have a minimum of five (5) years of teaching experience with a minimum of three (3) being in the PUHSD
- Shall have an effective rating, 3.0 or above on their evaluation
- Principal's recommendation with input from the Admin team, PDS and department
- Complete comprehensive qualified evaluator training with three (3) shadow observations with a designated mentor evaluator

#### **Peer Evaluator Utilization:**

- Peer Evaluators are for use with Probationary teachers only (1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> year)
- Peer Evaluators are to be utilized at the discretion of the evaluating administrator
- Peer Evaluators can be utilized for second formal observation cycles for teachers with aggregate scores of 2.5 or above on the first formal observation cycle
- Peer Evaluators can be utilized for focused observations for teachers with aggregate scores below a 2.5 on the first formal observation cycle
- Peer Evaluators observations are not to be used for placing a teacher on a Plan for Improvement (PIP)

The evaluator or teacher may request a content specialist observation as needed for content-related assessment. The content specialist may be the department chair, a content area teacher, or a curriculum director. The content specialist will receive training related to his or her role in the evaluation process and will be designated a qualified evaluator prior to the observation of the teacher.

The evaluator shall coordinate observations and meetings and shall be responsible for maintaining records of observations.

#### **IV. Training Program and Procedures for Evaluators**

##### **PROGRAM:**

Goal: Train potential school District evaluators in use of the governing board approved instrument.

##### Objectives:

Demonstrate knowledge of District, state policies, laws and rules related to evaluation (orally and/or in writing);

Demonstrate planning and implementation strategies relating to timelines, content, and expectation through a written plan;

Demonstrate data recording and analysis skills orally and in writing through simulated and/or on-site practice;

Demonstrate ability to coordinate and implement the evaluation process through simulated and/or on-site practice sessions;

Demonstrate conferencing and feedback skills related to the instructional process orally and in writing through simulated and/or on-site practice sessions.

##### **PROCEDURES:**

1. Specific and sequential activities will be developed and implemented to ensure that all qualified evaluators from the District receive instruction, practice, and assessment.
2. Time will be allocated to allow qualified evaluators opportunity for instruction, group interaction, individual practice, and assessment of demonstrated competencies.
  - a. Successful completion of the District High Qualified Evaluator Training Program.
  - b. Assistance for individuals would be planned based on an as-needed basis.
  - c. Annual recertification shall consist of successful completion of the District High Qualified Evaluator Recertification Program.
3. Activities will be organized, conducted, and assessed at both the knowledge and application levels.
4. Facilitator(s) from within the District shall conduct and assess the program of training.
5. Activities will be assessed in a variety of ways to include written, oral, and simulation participation.
6. Assessment activities have minimum proficiency levels set by the District.
7. Provisions are made for proficiency levels of training, procedures for developing and implementing a Professional Development Plan (PDP), continuation, and or revision of the PDP.
8. Provisions are made for proficiency levels of training, procedures for developing and implementing a Performance Improvement Plan (PIP), continuation, and or revision of the PIP.
9. Qualified evaluators must demonstrate the District-designated minimum level of proficiency of all qualifications for evaluators approved by the State Board of Education.

---

## V. Evaluation Safeguards

The teacher may claim personal bias or conflict of interest at any time during the evaluation process; however, the evaluation process, including timelines, will be continued. S/he may appeal first to the principal/unit administrator if the claim is against any qualified evaluator other than the principal/unit administrator, or to the Assistant Superintendent for Human Resources or designee if the claim is against the principal/unit administrator. The second and final appeal is to the Associate Superintendent for Instruction and Accountability. See appeal procedures in the Professional Agreement, steps in Formal Appeal Procedures, steps 1-2, A-B.

- A. By mutual agreement of the evaluator and teacher, content of the evaluation document may be changed as a result of a Post-Conference discussion. A teacher who wishes to respond to his/her evaluation in writing may do so within five (5) working days of the Post-Conference. The teacher's written response will become a part of the evaluation document and will be placed in the teacher's file and forwarded to Human Resources. In the event that the annual evaluation process is not completed in a school year the teacher shall not be harmed. The Director of Certified Personnel, the CTA President, the teacher and the evaluator will meet to determine the next steps.

In situations where a component of an observation cycle does not occur as scheduled, the evaluator and teacher will do the following:

- A. Reschedule only that component of the observation cycle that did not occur by mutual agreement.
- B. In the event that the observation component does not occur as scheduled, the teacher will provide updated evidence of planning for the new lesson to be observed.
- C. In the event that the rescheduled component cannot be completed in the specified timelines, an extension must be made by mutual agreement.

In situations where procedural errors occur, the evaluator will do the following:

- A. Meet with the teacher for a conference; provide feedback from the observation if it has occurred
- B. Advise the teacher that a procedural error was made and all documentation from the observation will be removed from all files
- C. Advise the teacher orally that the observation counts as a required observation though the records will show only that the observation was completed
- D. Submit a record of this procedure using the conference form

In cases where the observation would have provided documentation for Developing or Ineffective rating, the teacher shall be notified that had a procedural error not occurred, he/she would have received a Developing or Ineffective rating at that time. To meet statutory requirements of two complete annual observation cycles, the observation process shall continue after sixty (60) working days, or by December 1<sup>st</sup> for First Semester observation cycles and May 1<sup>st</sup> for Second Semester observation cycles, whichever date comes first. The process may resume with new evaluators, if requested by the teacher. The request for new evaluators shall be submitted to the Director of Certified Personnel within ten working days of the Notice of Procedural Error.

If this procedure is violated, then the teacher may file a grievance and follow grievance procedures as outlined in the Professional Agreement.

## VI. Confidentiality

Copies of assessment and evaluation reports of teacher performance are confidential, do not constitute a public record, and shall not be released or shown to unauthorized persons, in either draft or completed form.

A.R.S. § 15-537 permits the Arizona Department of Education to have copies of a teacher's evaluation report and performance classification, but maintains that these records are confidential. Furthermore, A.R.S. § 15-537 permits evaluations and performance classifications of teachers to be released to school districts and charter schools that inquire about the performance of the teacher for employment purposes.

Teachers who request an observer or representative be present during a Pre- or Post-Conference waive their right to confidentiality.

### **VII. Review by the Principal**

All evaluations and recommendations will be reviewed and signed by the principal, who will take appropriate action. If, as a result of any evaluation, a recommendation for issuance of a Preliminary Notice of Inadequacy of Classroom Performance has been made, the Assistant Superintendent for Human Resources shall insure that the teacher has been provided copies of the statutes reprinted in the appendix herein.

### **VIII. Annual Reports**

Annually, the Director of Certified Personnel shall tabulate appropriate data from all teacher evaluations in order to prepare reports submitted to:

1. The Arizona Department of Education, as required under Title 15 of the Arizona Revised Statutes;
2. The Associate Superintendent for Instruction and Accountability and the Professional Growth Committee, to facilitate identification the most common areas recommended for professional development and professional growth, so that appropriate activities are developed and offered.

### **IX. Revision**

This evaluation system will be reviewed and revised annually, where necessary, by a joint committee composed of both teachers and administrators and ratified by the Classroom Teachers' Association.

### **X. Orientation to the Teacher Evaluation System**

Prior to any observation for evaluation purposes being conducted, the Principal/designee shall conduct an in-service for the staff on the evaluation process and document. This in-service will highlight any changes in the process or document from the previous year. A list of these changes will be provided by the Human Resources Division. Professional Development hour(s) will be available for this in-service. An introduction to the evaluation process for teachers new to the District will be presented during teacher induction training or at the school prior to any observations for the purpose of evaluation of non-continuing teachers. All teachers will be notified of their evaluator or evaluation team prior to the beginning of the observation cycle.

### **XI. Probationary Status Teacher**

In PUHSD a probationary teacher is a certificated teacher who has not been employed by the District for more than the major portion of three (3) consecutive years. In accordance with A.R.S. § 15-538.01 Section C, a certificated teacher who is currently a continuing teacher as defined in A.R.S. § 15-538.01 who has been designated in the lowest performance classification for the current school year shall become a probationary teacher for the subsequent school year. The probationary status shall remain in effect until that teacher's performance classification is designated in either of the two highest performance classifications.

Pursuant to A.R.S. § 15-539 subsection G, probationary teachers do not have a right to a hearing

The governing board shall offer a teaching contract for the next ensuing school year to each probationary teacher unless the governing board, a member of the board acting on behalf of the board or the superintendent of the school district gives notice to the teacher of the board's intention not to offer a teaching contract or unless such teacher has been dismissed pursuant to A.R.S. § 15-538, A.R.S. § 15-539, A.R.S. § 15-541 or A.R.S. § 15-544.

### **XII. Continuing Status Teacher**

A "continuing status teacher" is one who has been employed by the school district for the major portion of three or more consecutive school years and has met the requirements outlined in the previous Probationary Teacher section. A continuing teacher who was assigned probationary teacher status pursuant to A.R.S. § 15-536, shall be returned to continuing teacher status upon designation in either of the two highest performance classifications.

### **XIII. Focused Evaluation Procedure**

As one part of a Professional Development Plan, a focused observation may be implemented for the 2014-15 school year. Focused observations are special observations targeting the element(s) identified as needing improvement in the Professional Development Plan.

Focused observations are:

- Informal, with no score changes

- Automatically implemented if the teacher receives a rating of Ineffective in any element
- Automatically implemented if the teacher receives two or more less-than-effective ratings on any elements in the same standard, or a total of four or more less-than-effective ratings

A focused observation may include but not be limited to:

- Informal walk-through with written feedback
- Submission of lesson plans if requested
- Documentation of professional development
- Conferences specific to Professional Development Plan

#### **XIV. Additional Formal Observation Cycles**

An additional formal observation cycle may be conducted under either of the following circumstances:

- The results of a focused observation indicate that the identified area(s) of improvement are deemed less than effective.
- If the aggregate score of an observation cycle is 2.0 or lower, a Professional Development Plan will be implemented. This will include an additional formal observation cycle; the scores will be included in the computation of the yearly Summative Evaluation score.

#### **XV. Successful Teacher Observation Cycle (STOC)**

A Teacher and Evaluator may agree to waive the second Observation Cycle Pre-Conference if the following conditions are met during the first Observation Cycle.

- First formal observation cycle must occur
- Mutually agreed upon by teacher and evaluator
- Aggregate score of 3.3 or higher, based on the teacher's performance on the first four standards with no score below 3
- Lesson plan provided to evaluator prior to observation
- Observation occurs within established timelines and procedures
- All elements are scored during the observation and the Post-Conference
- Post-Conference and Annual Summative Evaluation conference may take place simultaneously

#### **XVI. Exemplary Teacher Observation Cycle (ETOC)**

A Teacher may waive the second Observation Cycle if the following conditions are met during the first Observation Cycle.

- First formal observation cycle must occur
- Aggregate score of 3.75 or higher is attained, based on the teacher's performance on the first four standards with no score below 3
- Summative evaluation conference will take place within usual specified timelines

# **TEACHER EVALUATION SYSTEM: PROCEDURES**

**Evaluation Procedures for Teachers.**

Each teacher shall be observed for the purpose of evaluation at least twice annually, prior to May 1, allowing for a minimum of sixty (60) calendar days between first and last observation cycles. The standard evaluation process shall include two complete observation cycles and a summative evaluation conference. Pursuant to paragraph five (5) an additional informal or formal observation will be conducted.

1. The annual evaluation process requires: a school-wide in-service; at least two observation cycles, (the first required no later than December 1 with the second required no later than May 1. In the event that the annual evaluation process is not completed in a school year, the Director of Certified Personnel, the CTA President, the teacher and the evaluator will meet to determine the next steps.

In the case of a teacher returning second semester from extended absence or leave, the first observation is required within 20 instructional days of the teacher's first teaching day).

A complete and uninterrupted lesson must be observed. Observations shall not be conducted two (2) days prior to or after a board recess of a week or more.

A teacher hired after the beginning of the school year will have at least one (1) formal Observation Cycle and an Annual Evaluation. A teacher hired after January 1<sup>st</sup> will have at least one (1) Observation Cycle.

2. An Observation Cycle consists of; a Pre-Conference, an Observation of a complete and uninterrupted lesson, and a Post-Conference (with the exceptions noted below). All three components of the Observation Cycle will be scheduled and agreed upon at the same time. The Pre-Conference will be scheduled at least two (2) working days in advance of the conference unless otherwise mutually agreed upon. The Observation will occur no sooner than one full working day after the Pre-Conference unless otherwise mutually agreed upon. Written feedback of the Observation will be provided to the teacher at least three (3) days prior to the Post-Conference which shall occur within ten working days of the Observation. A score of Not Observed for an Element(s) can occur only one time. Each Element(s) must be observed during the school year.

**Successful Teacher Observation Cycle**

A Teacher and Evaluator may agree to waive the second Observation Cycle Pre-Conference if the following conditions are met during the first Observation Cycle.

- First formal observation cycle must occur
- Mutually agreed upon by teacher and evaluator
- Aggregate score of 3.3 or higher, based on the teacher's performance on the first four standards with no score below 3
- Lesson plan provided to evaluator prior to observation
- Observation occurs within established timelines and procedures
- All elements are scored during the observation and the Post-Conference
- Post-Conference and Annual Summative Evaluation conference may take place simultaneously

**Exemplary Teacher Observation Cycle.**

A Teacher may waive the second Observation Cycle if the following conditions are met during the first Observation Cycle.

First formal observation cycle must occur

Aggregate score of 3.75 or higher is attained, based on the teacher's performance on the first four standards with no score below 3

Summative evaluation conference will take place within usual specified timelines

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Teacher Evaluation System: Procedures**

---

3. Upon completion of the two Observation Cycles (with the exceptions noted in number 2 above), an Annual Summative Evaluation Conference shall occur no later than May 15<sup>th</sup>. This phase in the evaluation process consists of: compilation of data from previous Observation Cycles, Pre- and Post-Conferences, review of current Professional Growth and /or Professional Development plan, discussion of the professional Growth Plan for the following year (which must be completed by August 31<sup>st</sup>). The written results of the Annual Summative Evaluation document shall be provided to the teacher within five (5) days of the Annual Summative Evaluation Conference. The evaluator or teacher may request a content specialist observation as needed for content-related assessment. The content specialist may be the department chair, a content area teacher, or a curriculum director. The content specialist must be a qualified evaluator. If the content specialist is a teacher, he/she may only evaluate on content.
4. By mutual agreement of the evaluator and the teacher, content of the evaluation documents may be changed as a result of any conference discussion. A teacher who wishes to provide a written response to his/her evaluation cycle may do so within five (5) working days of receipt of the documents. The teacher's written response will become a part of the evaluation documentation and will be placed in the teacher's file and forwarded to Human Resources.

In situations where a component of an observation cycle does not occur as scheduled; the evaluator and teacher will do the following:

- A. Reschedule only that component of the observation cycle that did not occur by mutual agreement.
- B. In the event that the observation component does not occur as scheduled, the teacher will provide updated evidence of planning for the new lesson to be observed.
- C. In the event that the rescheduled component cannot be completed in the specified timelines, an extension must be made by mutual agreement.

In situations where procedural errors occur, the evaluator will do the following:

- A. Advise the teacher that a procedural error was made and all documentation from the observation will be removed from all files.
  - B. Meet with the teacher for a conference; provide feedback from the observation if it has occurred. In cases where the observation would have provided documentation for a performance classification of "Developing and or Ineffective" the teacher shall be notified, that had a procedural error not occurred, he/she would have received a rating of "Developing and or Ineffective" at that time.
  - C. To meet statutory requirements of two complete annual observation cycles, the observation process shall continue with a mutually agreed upon date to complete the 1<sup>st</sup> Observation Cycle by December 1<sup>st</sup> if possible, with the Second Observation Cycle scheduled after sixty (60) working days.
  - D. All Observations must be completed by May 1<sup>st</sup>. The process may resume with new evaluators, if requested by the teacher. The request for new evaluators shall be submitted to the Director of Certified Personnel within ten working days of the Notice of Procedural Error.
  - E. In the event that the second observation cycle does not occur, the teacher shall not be harmed.
5. Additional Focused and Formal Observation

**A. Focused Observation Procedure.**

As one part of a Professional Development Plan, a focused observation may be implemented for the 2014-15 school year. Focused observations are special observations targeting the element(s) identified as needing improvement in the Professional Development Plan.

Focused observations are:

- Informal, with no score changes
- Automatically implemented if the teacher receives a rating of Ineffective in any element
- Automatically implemented if the teacher receives two or more less-than-effective ratings on any elements in the same standard, or a total of four or more less-than-effective ratings

A focused observation may include but not be limited to:

- Informal walk-through with written feedback

- Submission of lesson plans if requested
- Documentation of professional development
- Conferences specific to Professional Development Plan

**B. Additional Formal Observation.**

An additional formal observation cycle may be conducted under either of the following circumstances:

The results of a focused observation indicate that the identified area(s) of improvement are deemed less than effective.

If the aggregate score of an observation cycle is 2.0 or lower, a Professional Development Plan will be implemented. This will include an additional formal observation cycle; the scores will be included in the computation of the yearly Summative Evaluation score.

**6. Inadequate Classroom Performance for Reclassified Continuing Teachers**

- A. If the teacher is rated INEFFECTIVE after completion of the Annual Evaluation, the evaluator shall complete the Summative Evaluation Instrument and conference with the teacher. INEFFECTIVE is defined as receiving an aggregate score below 1.5. A Continuing Teacher receiving an INEFFECTIVE rating for the current school year shall become a probationary teacher for the subsequent school year and shall remain a probationary teacher until that teacher's performance classification is designated in either of the two highest performance classifications. Reclassified Probationary Teachers will receive a complete observation cycle no later than December 1. If the teacher is rated EFFECTIVE after completion of that observation cycle, the second Observation Cycle will be completed prior to May 1, culminating with the Annual Summative Evaluation no later than May 15.
- B. If after completion of the first Observation cycle the teacher is rated INEFFECTIVE the evaluator shall complete the Summative Evaluation Instrument based on Standards 1 through 4 and conference with the teacher. Within five (5) working days of that conference, a Performance Improvement Plan shall be developed jointly by the evaluator and teacher and shall replace the Professional Development Plan. The Performance Improvement Plan is an intervention addressing standards 1 through 4 identifying the element(s) on which the teacher's performance is less than EFFECTIVE. Refer to Paragraph D. (See Performance Improvement Plan form)
- C. If after completion of the Annual Evaluation, the teacher is rated less than EFFECTIVE, defined as receiving an aggregate score below 2.5 based on Standards 1 through 4, the evaluator shall conference with the teacher. Within five (5) working days of that conference, a Performance Improvement Plan shall be developed jointly by the evaluator and teacher and shall replace the Professional Development Plan. The Performance Improvement Plan is an intervention addressing standards 1 through 4 identifying the element(s) on which the teacher's performance is less than EFFECTIVE. The teacher shall have sixty (60) instructional days for performance improvement in the next school year. Refer to Paragraph D. (See Performance Improvement Plan form)
- D. The evaluator shall recommend the issuance of a Preliminary Notice of Inadequate Classroom Performance after completion of the Annual Summative evaluation process and at least ten (10) days prior to the start of the period of time within which to correct the inadequacy and overcome the grounds for the notice. Pursuant to A.R.S. § 15-539, the written Preliminary Notice of Inadequate Classroom Performance shall specify the nature of the inadequacy in classroom performance with such particularity as to furnish the teacher an opportunity to correct the teacher's inadequacies and overcome the grounds for the notice. The teacher shall be given not less than sixty (60) instructional days to correct the inadequacy and overcome the grounds for the notice. The evaluator shall conduct two follow-up observations. The first performance improvement plan observation cycle will be completed by the thirtieth (30<sup>th</sup>) instructional day from the implementation date of the Performance Improvement Plan. The second performance plan observation cycle is to be completed by the sixtieth (60<sup>th</sup>) instructional day from the date of the implementation of the Performance Improvement Plan.

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Teacher Evaluation System: Procedures**

---

- E. If after the two follow-up observations, the teacher is rated less than EFFECTIVE, the evaluator recommends to the Assistant Superintendent of Human Resources that a Notice of Intention to Dismiss be issued. Recommendations not to reemploy continuing teachers shall be reviewed by a District-level Evaluation Review Board to ensure that the annual evaluation process has been followed. The Evaluation Review Board shall be composed of one qualified evaluator from administration, the Assistant Superintendent for Human Resources or designee, and the CTA President or designee. In the event that the Evaluation Review Board finds the procedures have not been followed, the Evaluation Review Board shall recommend to the Superintendent that the evaluation process be reinitiated at the point that the Evaluation Review Board determined that procedures were not followed. Should the Evaluation Review Board recommend proceeding with the recommendation not to reemploy the continuing teacher, the process will follow the procedure for termination outlined in the Employee Conduct/Discipline Handbook.
7. Inadequate Classroom Performance for PUHSD Probationary Teachers
- A. If after completion of the Annual Evaluation, the teacher is rated INEFFECTIVE, defined as receiving an aggregate score below 1.5, the evaluator shall complete the Summative Evaluation Instrument and conference with the teacher. Within five (5) working days of that conference, a Performance Improvement Plan shall be developed jointly by the evaluator and teacher and shall replace the Professional Development Plan. The Performance Improvement Plan is an intervention addressing standards 1 through 4 identifying the element(s) on which the teacher's performance is less than EFFECTIVE. (See Performance Improvement Plan form) The teacher shall have sixty (60) instructional days for performance improvement in the next school year.
- B. The evaluator shall recommend the issuance of a Preliminary Notice of Inadequate Classroom Performance after completion of the Annual Summative evaluation process and at least ten (10) days prior to the start of the period of time within which to correct the inadequacy and overcome the grounds for the notice. Pursuant to A.R.S. § 15-539, the written Preliminary Notice of Inadequate Classroom Performance shall specify the nature of the inadequacy in classroom performance with such particularity as to furnish the teacher an opportunity to correct the teacher's inadequacies and overcome the grounds for the notice. The teacher shall be given not less than sixty (60) instructional days within which to correct the inadequacy and overcome the grounds for the notice. The evaluator shall conduct two follow-up observations. The first performance plan observation cycle will be completed by the thirtieth (30<sup>th</sup>) instructional day from the implementation date of the Performance Improvement Plan. The second performance plan observation cycle is to be completed by the sixtieth (60<sup>th</sup>) instructional day from the date of the implementation of the Performance Improvement Plan.
- C. If after the two follow-up observations, the teacher is rated less than EFFECTIVE, the evaluator recommends to the Assistant Superintendent of Human Resources that a Notice of Intention to Dismiss be issued. Recommendations not to reemploy continuing teachers shall be reviewed by a District-level Evaluation Review Board to ensure that the annual evaluation process has been followed. The Evaluation Review Board shall be composed of one qualified evaluator from administration, the Assistant Superintendent for Human Resources or designee, and the CTA President or designee. In the event that the Evaluation Review Board finds the procedures have not been followed, the Evaluation Review Board shall recommend to the Superintendent the evaluation process be reinitiated at the point that the Evaluation Review Board determined that procedures were not followed. Should the Evaluation Review Board recommend proceeding with the recommendation not to reemploy the probationary teacher, the process will follow the procedure for termination outlined in the Employee Conduct/Discipline Handbook.

A teacher who receives a preliminary notice of inadequate classroom performance is not permitted to request a campus or area reassignment or apply for a TOA position until the evaluation process has been completed.

A teacher whose performance classification is developing or ineffective shall not be permitted to transfer to another school.

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Teacher Evaluation System: Procedures**  
**Teacher Professional Growth**

---

Guidelines:

Probationary teachers in the PUHSD are required to participate in the Teacher Induction Program. The induction program is the Professional Growth Plan (PGP) for PUHSD probationary teachers. During their third year, PUHSD probationary teachers will design their own Professional Growth Plan. Each continuing teacher in the PUHSD will be required to design and implement a Professional Growth Plan. A PGP would include all activities to increase skill level in one or more of the following teacher performance standards:

- designs and plans instruction
- creates and maintains positive learning climates
- implements and manages the instructional plan
- assesses learning and communicates results
- demonstrates content knowledge
- demonstrates professional knowledge and engages in on-going professional development
- collaborates with colleagues, parents, the community, and other agencies to design, implement, and support learning programs
- demonstrates professionalism

It is recommended that the plan include one to three professional growth objectives per year. A plan might be annual or multi-year. It should be reviewed and updated each year during the teacher's annual evaluation conference. The teacher and his/her evaluator will meet annually no later than May 15 to evaluate the teachers' Professional Growth Plan. This annual conference shall be initiated by the evaluator, but may be initiated by the teacher at any time during the school year. The teacher may also request assistance from a colleague in the preparation of his/her plan and request the colleague's attendance at the conference. This conference may be combined with the Annual Evaluation conference, if mutually agreed upon by the teacher and evaluator. The Professional Growth Plan developed for the current year must be submitted by August 31.

Suggested Activities\*:

- University/College classes
- Professional growth classes
- In-service activities
- Study groups
- Professional conferences
- Business internships
- Mentoring another teacher
- Serving on a Professional Development Team/Evaluation Team
- Pursuit of National Board Certification
- Leadership in school/District activities
- Membership/Leadership in a professional organization

\*Participation in some of the above activities may apply toward recertification or, if attended outside the school day, toward professional growth hours for movement on the pay scale.

**The Professional Growth Plan for Teachers.**

A teacher's Professional Growth Plan may extend for one or more years, depending on the objective(s). The teacher shall document activities and projects completed as specified in the Professional Growth Plan. The results of this plan shall be reviewed annually as part of the evaluation process.

The Professional Growth Plan developed for the current year must be submitted by August 31<sup>st</sup>. The induction program is the professional growth plan for probationary teachers. The teacher and his/her evaluator will meet annually no later than May 15 to evaluate the teachers' Professional Growth Plan. This annual conference shall be initiated by the evaluator, but may be initiated by the teacher at any time during the school year. The teacher may request a Focused Observation as part of their PGP. The teacher may also request assistance from a colleague in the preparation of his/her plan and request the colleague's attendance at the conference. This conference may be combined with the Annual Evaluation conference, if mutually agreed upon by the teacher and evaluator.

**The Professional Development Plan for Teachers.**

The Professional Growth Plan will be superseded by a Professional Development Plan in the event that a teacher receives a rating of Developing or Ineffective on one or more element(s) in an observation cycle. The purpose of the Professional Development Plan is to provide the teacher with the opportunity to overcome deficiencies which resulted in the rating of Developing or Ineffective. The Professional Development Plan is designed by the evaluator with input from the teacher. The teacher and his/her evaluator will meet to design the teachers' professional development plan. The results of this plan shall be reviewed, revised, and/or evaluated during each observation cycle as part of the evaluation process.

This meeting shall be initiated by the evaluator within ten (10) days of the Post-Conference. The teacher also may request assistance from a colleague in the preparation of his/her plan and request the colleague's attendance at the conference. This conference may be combined with a Post-observation Conference or the summative evaluation conference, if mutually agreed upon by the teacher and evaluator.

**Evaluation Rubric Scoring:**

**Element Scoring:** Each element of a standard shall be scored numerically using the 1 through 4 Performance Classifications.

For second and/or third Observation cycles, elements of a standard may be scored numerically using a 0 through 4 rating.

**Standard Scoring:** Each Standard will be assigned a 1-4 using the average of element scores.

**Overall Observation Cycle Score:** This is determined by the average of the Standards scores.

**Annual Summative Evaluation Score:** This is the aggregate score of the Annual Summative Evaluation and the teacher's student academic growth component. The score of the Annual Summative Evaluation contributes sixty-seven percent (67%) and the teacher's student academic growth contributes thirty-three percent (33%) to the teacher's total Annual Summative Evaluation score.

The methodology for calculating the teacher's student academic growth score is outlined on pages 17-18.

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Teacher Evaluation System: Procedures**

**Student Growth Score-33% of Annual Summative Evaluation Score**

**33% Committee Work (ARS 15-203)**

Definitions of Groups below	AzMerit Science AIMS	School Within School Gap	Aspire 10/ ACT	Student Growth (CRTs)
Group A	Classroom 5%	5%	School level data 10%	13%
Group B	School wide 5%	5%	School level data 10%	13%
Group C	School wide 8%	10%	School level data 15%	n/a

**Student Growth on CRTs is defined as 10% increase in proficiency as measure from pre to post assessments.**

**Group A:** These teachers are directly tied to State determined assessment and have valid and reliable assessments. **Please reference Group A courses in table below.**

**Group C:** These teachers are not directly related to a State determined assessment and also do NOT have valid reliable assessments. (As work continues on CRT validity, continues this group will become smaller until entirely collapsed into Group B)

Determination of group will be based on majority of classroom teaching assignment.

**School within** Achievement of bottom

**School gap** quartile compared to achievement of the upper

**5% Groups A & B** two quartiles

**10% Group C**

Aspire 10 or ACT  
10% (Group A & B)  
15% of (Group C)

*\*PLAN and Aspire 10 are the same academic tests, the non-cognitive portion of the test has been removed and the name has changed.*

### Rubric for School Level Aspire 10 & ACT Data

#### Pathway 1:

**Goal:** Increase College and Career Readiness percentages on the four subsets (English, Reading, Math and Science) as measured by the ACT Aspire test for 10<sup>th</sup> graders.

**Artifacts:** School level Aspire 10 Fall 2014 compared to School level Aspire 10 results, Fall 2015

Rubric: 4:	Increase in any 3-4 tests from previous year	100% of Indicator
3:	Increase on any 2 tests from previous year	75% of Indicator
2:	Increase on 1 test from previous year	50% of Indicator
1:	No increases	

#### Pathway 2:

**Goal:** Increase College and Career Readiness percentages on the four subsets (English, Reading, Math and Science) of the ACT test for 11<sup>th</sup> graders.

**Artifacts:** School level ACT results, Spring 2015 compared to School level ACT results, Spring 2016

Rubric: 4:	Increase in any 3-4 tests from previous year	100% of Indicator
3:	Increase on any 2 tests from previous year	75% of Indicator
2:	Increase on 1 test from previous year	50% of Indicator
1:	No increases	

#### Pathway 3:

**Goal:** Increase the overall “scale score” on the Aspire 10 test for 10<sup>th</sup> graders.

**Artifacts:** Aspire 10 Fall 2014 compared to School level Aspire 10 results, Fall 2015

Rubric: 4:	Increase in any 3-4 tests from previous year	100% of Indicator
3:	Increase on any 2 tests from previous year	75% of Indicator
2:	Increase on 1 test from previous year	50% of Indicator
1:	No increases	

#### Pathway 4:

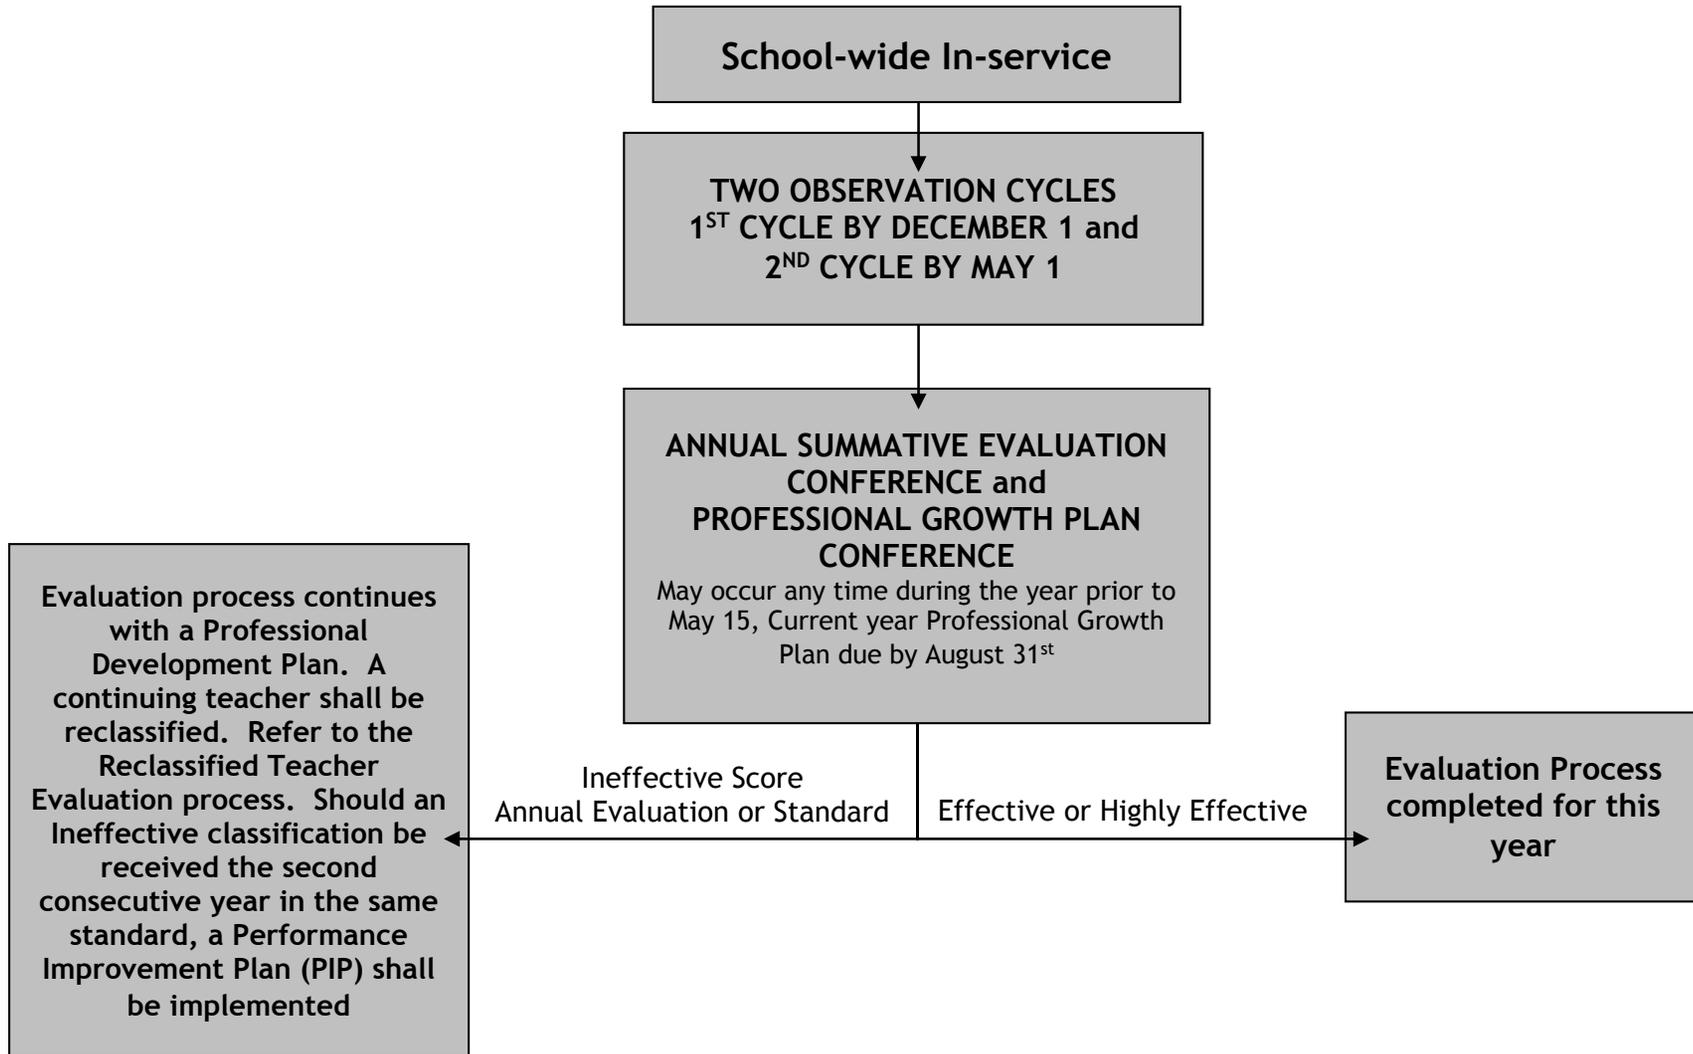

**Goal:** Increase the overall “average composite score” on the ACT test for 11<sup>th</sup> graders.

**Artifacts:** School level ACT results, Spring 2015 compared to School level ACT results, Spring 2016

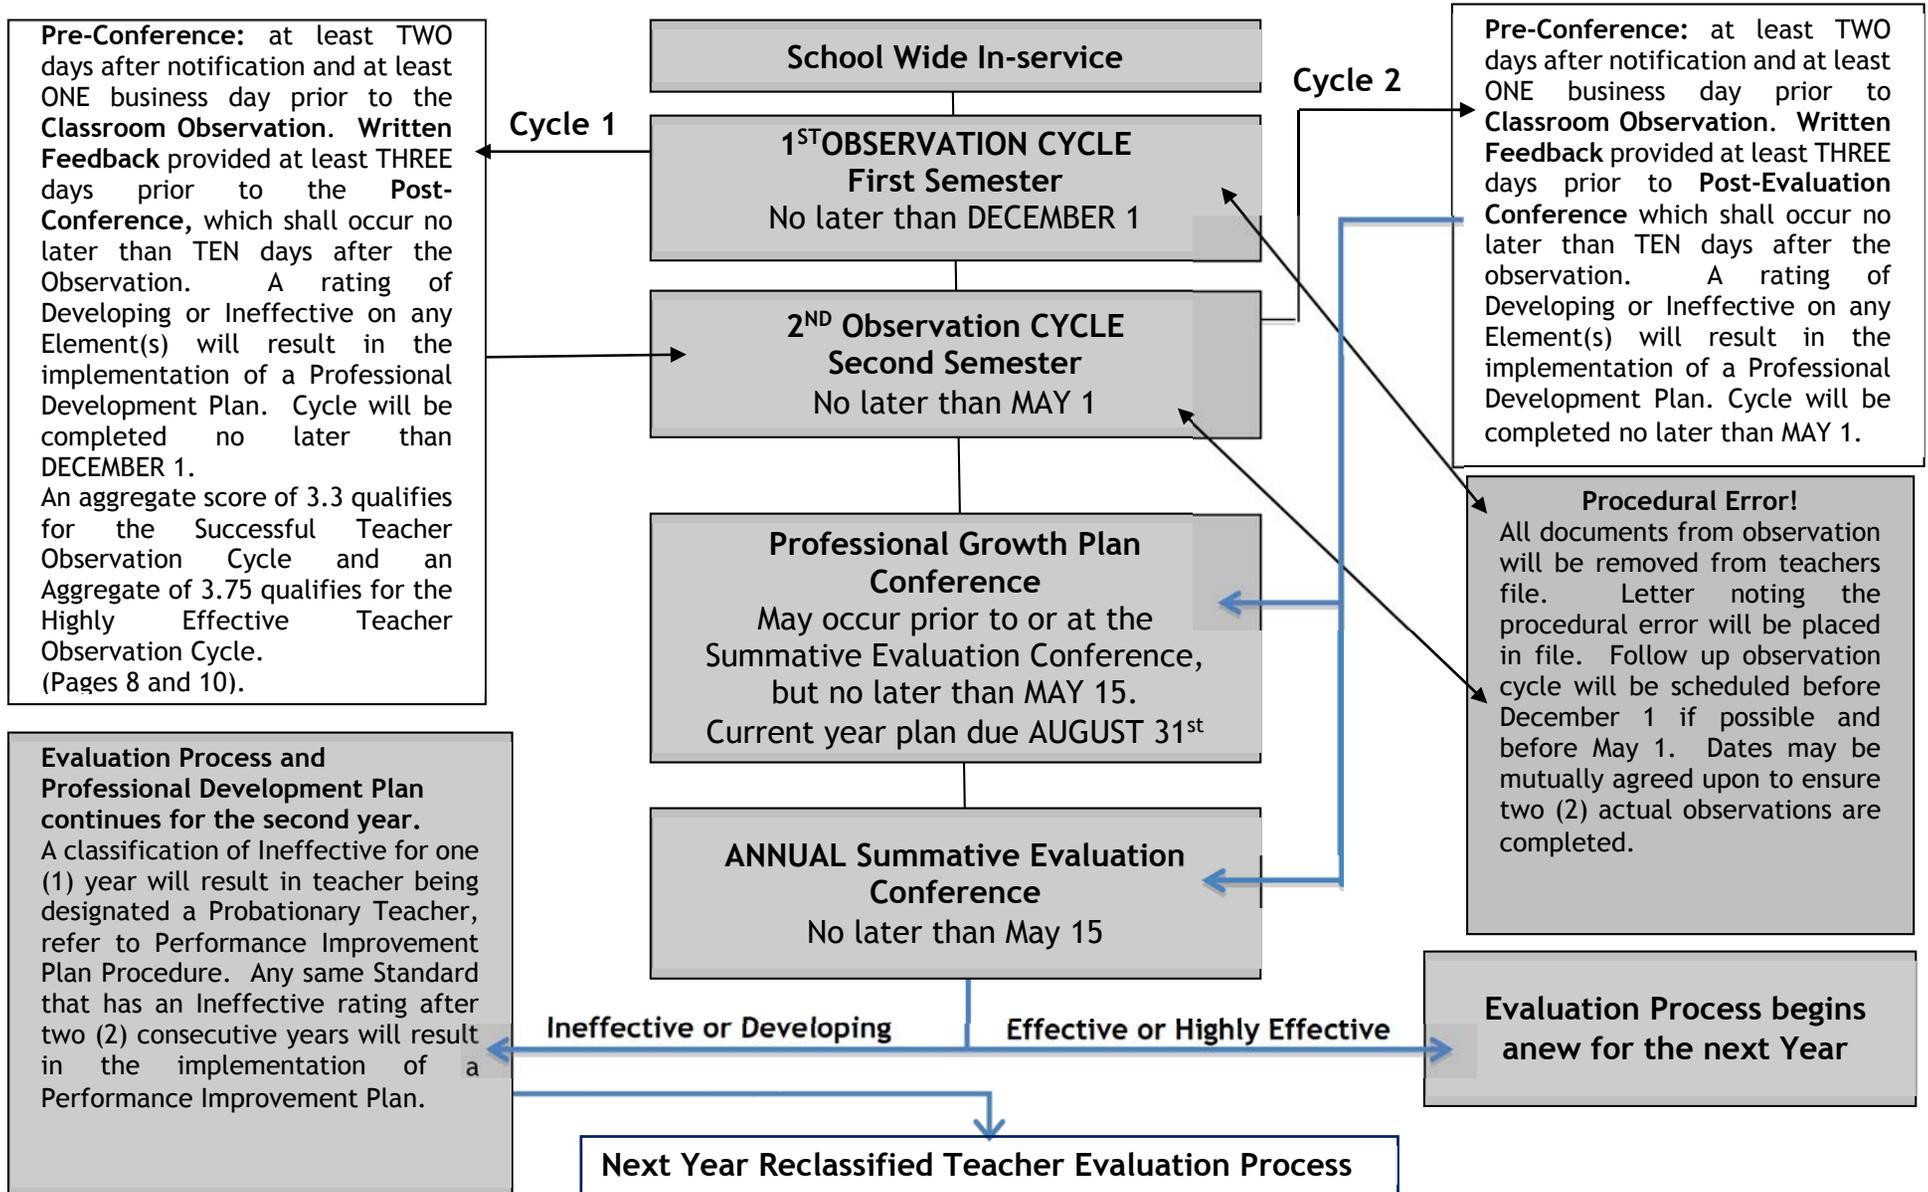

Rubric: 4:	Increase of .4 or higher	100% of Indicator
3:	Increase of .2-.3	75% of Indicator
2:	Increase of a .1	50% of Indicator
1:	Same score	25% of Indicator

*Composite score: A composite score represents the overall average score of the English, Reading, Science and Math subtests.*

**PUHSD STANDARD: THE LEARNER and LEARNING**  
 Aligns with In-TASC Standards 1, 2 and 3

In-TASC Standard 1: Learner Development - The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

In-TASC Standard 2: Learning Differences - The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

In-TASC Standard 3: Learning Environments - The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

**PUHSD STANDARD: CONTENT KNOWLEDGE**  
 Aligns with In-TASC Standards 4 and 5

In-TASC Standard 4: Content Knowledge - The teacher understands the central concepts, tools of inquiry, and structures of the discipline (s) he or she teaches and creates learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content.

In-TASC Standard 5: Application of Content - The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

  - Addendum for SLP, SY 2015-16

Teacher Observation Cycle Score Sheet, SY 2015-16

In-TASC Standard 1: Learner Development - The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

In-TASC Standard 2: Learning Differences - The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

In-TASC Standard 3: Learning Environments - The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

Element	Highly Effective - 4	Effective - 3 (Proficient) Meets criteria at level 3	Developing - 2	Ineffective - 1	Non Compliance 0	Not Demonstrated (ND)

<b>Managing Learning Resources</b>  Pre-Conference  Observation  Post-Conference	<ul style="list-style-type: none"> <li>THI/TVI/SLP <b>effectively</b> manages the learning environment by allocating and coordinating the resources of material and time.</li> </ul>	<ul style="list-style-type: none"> <li>THI/TVI/SLP manages the learning environment by allocating and coordinating the resources of material and time as evidenced by <b>minimal</b> loss of instructional time.</li> </ul>	<ul style="list-style-type: none"> <li>THI/TVI/SLP <b>inefficiently</b> manages resources of time or materials as evidenced by <b>some</b> loss of instructional time.</li> </ul>	<ul style="list-style-type: none"> <li>THI/TVI/SLP <b>inefficiently</b> manages resources of time and materials as evidenced by a <b>significant</b> loss of instructional time.</li> </ul>	Appropriate for use in 2 <sup>nd</sup> or 3 <sup>rd</sup> Observation Cycle. (refer to Glossary)	Comments required.  Only appropriate for Observation Cycle 1

PUHSD STANDARD: CONTENT KNOWLEDGE

Aligns with In-TASC Standards 4 and 5

In-TASC Standard 4: Content Knowledge - The teacher understands the central concepts, tools of inquiry, and structures of the discipline (s) he or she teaches and creates learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content.

In-TASC Standard 5: Application of Content - The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

Element	Highly Effective - 4	Effective - 3 (Proficient) Meets criteria at level 3	Developing - 2	Ineffective - 1	Non Compliance 0	Not Demonstrated (ND)

PUHSD STANDARD: INSTRUCTIONAL PRACTICES

Aligns with In-TASC Standards 7 and 8

In-TASC Standard 7: Planning for Instruction - The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community.

In-TASC Standard 8: Instructional Strategies - The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

Obs 2: Teacher Signature: \_\_\_\_\_ Date \_\_\_\_\_ Evaluator Signature: \_\_\_\_\_ Date \_\_\_\_\_

Check this box after 1<sup>st</sup> observation cycle if the teacher has met the requirements of and is taking part in the **\*Successful Teacher Observation Option** for their 2<sup>nd</sup> observation cycle.

Check this box after 1<sup>st</sup> observation cycle if the teacher has met the requirements of and is taking part in the **\*\*Exemplary Teacher Observation Option** and waiving the 2<sup>nd</sup> observation cycle.

Check this box after 2<sup>nd</sup> observation cycle as indication that requirements of A.R.S. § 15-537 have been met.

Signing this form verifies receipt of the evaluation but does not necessarily indicate agreement with the content. Within five days of receipt of this document the teacher may attach comments if desired.

\*Aggregate score of 3.3 or higher, based on the teacher's performance on the first four standards with no score below 3

\*\*Aggregate score of 3.75 or higher is attained, based on the teacher's performance on the first four standards with no score below 3

# APPENDICES

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Appendix A. Self-Evaluation Guide**

This guide is intended to assist the teacher in evaluating his/her progress on the PUHSD Teacher Observation Instrument. The Standards listed below incorporate essential questions for individual teacher reflection on progress and accomplishment of each Element.

The Learner and Learning			Content Knowledge			Assessment			Instructional Practices		
Planning for the Learner and Learning			Use of Resources to Support Content Literacy			Assessment Use and Alignment			Lesson Organization		
Pre.	Obs.	Post.	Pre.	Obs.	Post.	Pre.	Obs.	Post.	Pre.	Obs.	Post.
<ul style="list-style-type: none"> <li>□ What strategies do I use that will be most effective for individual students, sub-groups of students, and the class as a whole?</li> <li>□ How do I accommodate, modify and differentiate instruction?</li> </ul>			<ul style="list-style-type: none"> <li>□ Are my students using/applying the lesson's objective(s) and/or skill(s)?</li> <li>□ Which specific research-based literacy strategies and/or communication skill building strategies do I use in my lessons?</li> </ul>			<ul style="list-style-type: none"> <li>□ What specific assessment results show academic growth and/or mastery of the lesson objective(s)?</li> <li>□ Are my assessments tightly aligned with learning targets?</li> </ul>			<ul style="list-style-type: none"> <li>□ Do I develop lessons that are organized, sequential and provide opportunities for practice, analysis and mastery?</li> <li>□ Am I checking for individuals' understanding throughout my lesson?</li> </ul>		
Learner Development and Differences			Are my students reading at least 50% informational text? Are my students analyzing complex text using explicit and inferential textual evidence?	How do I enhance my students' abilities to deal with increasingly complex texts? How do I enable my students' expertise in content-specific academic language?							
Pre.	Obs.	Post.

Managing Learning Resources						Utilizing Appropriate Data			Collaboration/Student to Student Engagement		
Pre.	Obs.	Post.				Pre.	Obs.	Post.	Pre.	Obs.	Post.
<ul style="list-style-type: none"> <li>□ Are my lessons organized and is my time well-managed?</li> <li>□ Do the routines my students practice minimize any lost instructional time?</li> </ul>						<ul style="list-style-type: none"> <li>□ What have I learned from analyzing my students' assessment results and how will this guide my subsequent lesson planning?</li> </ul>			<ul style="list-style-type: none"> <li>□ Are my students working collaboratively and successfully in groups (two or more students) to assess, interpret, evaluate and/or apply information?</li> </ul>		

**Standard 5. Professional Responsibilities**

**Classroom Performance Summative**

**What practices do I use to ensure information and communication about student academic performance are current?**

- Use of cumulative data to analyze and adjust instruction
- Emergency/guest teacher lesson plans
- Use of multimedia and technology
- Plan for Success is clear and aligned
- Communication and Collaboration with colleagues
- Positive professional student relationships

**Notes:**

**Service to Students**

**What interventions and supports do I provide to address student absences and/or promote academic success?**

- Synergy Gradebook (StudentVue and ParentVue) and classroom attendance is current and accurate
- Able to provide current academic performance status if requested
- Effectively implement IEPs for all ESS student assigned
- Attend mandatory parent, student and other stakeholder meetings (IEPs included)
- If a ESS teacher, adhere to Case Manager duties

**Notes:**

**Educator Disposition/Involvement**

**How am I invested in my school community?**

- Support the Continuous Improvement Plan on campus and in classroom
- Ongoing professional development and professional growth
- Attend and participate in PLC and staff meetings
- Participate in school committees and sponsorships
- *Participate in school-community engagement*
- Articulate Self-Evaluation at Summative Evaluation Conference

**Notes:**

### PROFESSIONAL DEVELOPMENT RESOURCES

There are a myriad of Professional Development resources that certified staff can access to build and refine skills related to the components/indicators/rubrics of the evaluation process. Professional Development is an integral part of the responsibility of every teacher. Professional Development should be linked to identified areas of need in classroom performance in order to ensure student growth.

Teachers can engage in Professional Growth or Professional Development opportunities through the resources listed below:

#### IDEAL

##### Scholastic U

- Building Foundational Skills: Phonics, Word Study and Comprehension
- Exploring the Lexile Framework for Reading for all Teachers
- English: A Universal Tool
- Strategies for Teaching Striving Readers for all 9-12 Teachers
- High School Literacy: Comprehension Through Active Strategic Reading

##### Teacher-created PD classes - Strands:

- Content Specific
- Safe and Drug Free Schools
- Spanish Conversation
- Teacher Evaluation Standards
- Technology

##### National Board incentive classes

##### AZ K-12 Center Resources and Sessions (coaching and training)

Purchased databases (Encyclopedia Britannica, Rosen Teen Health and Wellness, GaleNet, Visual Thesaurus, ProQuestElibrary Science and Math)

EBSCO (PD journals, all educational journals), AZ CIS

Professional Development Specialist on each campus

Free - PBS, C-SPAN, video journals

AEA - various offerings

AP, IB, Cambridge, AVID, ACT Quality Core, PLC, PLATO, READ 180

Degree Programs

Consultants (various)

Site PLCs - content specific

PLC Team Leader Training (Math)

Math Blog

Librarians and Libraries

Curriculum Development (all content areas)

Assessment Development (all content areas)

Teacher Cadres

Tools

- SmartBoard tools
- CPS
- PCG
- Criterion
- Grammar Tools
- Laurus Math
- SharePoint

# Pre-Conference Guiding Questions

D1. Classroom Teacher Pre-Conference *Guiding Questions*

D1. THI/TVI/SLP Pre-Conference *Guiding Questions*

Procedure Manual: Teacher Evaluation (Rev. July 2015)  
 Appendix D1. Teacher Observation Instrument:  
 Classroom Teacher Pre-Conference *Guiding Questions*

Standard	Element	Guiding Question(s)
The Learner and Learning	Planning for the Learner and Learning	How did you prepare for individual student differences when planning this lesson?
		What specific accommodations and/or modifications did you make to differentiate the lesson for individual students and/or sub-groups?
		How does your lesson build on your students' prior knowledge?
		How do you create opportunities for students to advance their learning?
		What opportunities will your students have to interact collaboratively to extend their learning to real-world applications?
Assessment	Assessment Use and Alignment	How are the assessments (formative and/or summative) you will use in this lesson aligned to the curriculum and the daily learning targets?
	Utilizing Appropriate Data	What data will you use to assess your students' learning?
Instructional Practices	Lesson Organization	What did you take into consideration when planning this lesson?
		How will you know when students have grasped the intended skill or knowledge?
		What opportunities do students have to be active participants in their learning?
Professional Responsibilities	Service to Students	What interventions do you employ in your classroom to address student absence and/or academic concerns?
	Educator Disposition	How do the professional development activities you are actively participating in this year support your Professional Growth Plan (or Professional Development Plan if needed)?
		What are some ways you support the school's Continuous Improvement Plan in your classroom/PLC?

Procedure Manual: Teacher Evaluation (Rev. July 2015)  
 Appendix D2. Teacher Observation Instrument:  
 THI/TVI/SLP Pre-Conference *Guiding Questions*

Standard	Element	Guiding Question(s)
The Learner and Learning	Planning for the Learner and Learning	How did you prepare for individual student differences when planning this lesson?
		What specific accommodations and/or modifications did you make to differentiate the lesson for individual students and/or sub-groups?
		How does your lesson build on your students' prior knowledge?
		How do you create opportunities for students to advance their learning?
		What opportunities will your students have to interact collaboratively to extend their learning to real-world applications?
Assessment	Assessment Use and Alignment	How are the assessments (formative and/or summative) you will use in this lesson aligned to the curriculum and/or the IEP and the daily learning targets?
	Utilizing Appropriate Data	What data will you use to assess your students' learning?
Instructional Practices	Lesson Organization	What did you take into consideration when planning this lesson?
		How will you know when students have grasped the intended skill or knowledge?
		What opportunities do students have to be active participants in their learning?
Professional Responsibilities	Service to Students	What interventions do you employ in your classroom to address student absence and/or academic concerns?
	Educator Disposition	How do the professional development activities you are actively participating in this year support your Professional Growth Plan (or Professional Development Plan if needed)?
		What resources do you utilize through the school or District and in the larger community to support HI/VI/SLI students?

# Post-Conference Guiding Questions

E1. Classroom Teacher Post-Conference Guiding Questions

E2. THI/TVI/SLP Post-Conference Guiding Questions

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Appendix E1. Teacher Observation Instrument:**  
**Classroom Teacher Post-Conference *Guiding Questions***

<b>Standard</b>	<b>Element</b>	<b>Guiding Question(s)</b>
Content	<b>Use of Resources to Support Content Literacy</b>	How did students demonstrate proficiency of the lesson's objective(s)?  Which specific research-based literacy strategies and/or communication skill building strategies did you use in this lesson?
	<b>Presentation of Content</b>	Reflecting on the lesson objectives, how did you chunk the objectives, scaffold your instruction and ensure alignment to appropriate grade level standards?  How did you make your lesson relevant and create opportunities for interdisciplinary connections?
	<b>Application of Content</b>  <b>May be asked during Pre- or Post-Conference</b>	Advancing individual learning of the content is a challenging task. What factors and data did you consider as you planned, designed and implement the instructional practices for this lesson?  How are you monitoring individual learning development for students?
Assessment	<b>Assessment Use and Alignment</b>	What specific assessment results show academic growth and/or mastery of the lesson objective (s)?  What percent of your students showed growth and mastery of lesson objectives individually or by subgroup?
	<b>Student Self-Assessment</b>	What processes or activities did you use to guide your students to self-reflect on learning targets, their work, and test results to address learning gaps and set learning goals?
	<b>Appropriate Assessment</b>	What data can you share from the assessments you used in the lesson to show they were appropriate for your students?
	<b>Utilizing Appropriate Data</b>	What did you learn from analyzing your students' assessment results and how will this guide your subsequent lesson planning?
Instructional Practices	<b>Reflection of Instruction</b>	What process do you engage in to determine your lesson's effectiveness?
	<b>Monitor and Adjust</b>	How did you monitor and adjust for individual student or sub-group learning needs?  What feedback did you provide to individual students or sub-groups to enhance their learning?
Professional Responsibilities  *The artifacts agreed to during the Pre-Conference will be observed, evaluated, and discussed in both evaluation cycles. Scoring entered during both evaluation cycles are for discussion and feedback only and are not to be averaged into the teachers overall performance score. Scores on all elements received during the Summative Evaluation Conference will serve as the final scores for this rubric.	<b>Classroom Performance Summative</b>	What practices do you use to ensure information about student academic performance is current?
	<b>Service to Students</b>	Provide evidence as agreed upon during the first Pre-Conference of the types of interventions you use to address student absences and/or academic success.
	<b>Educator Disposition</b>	Provide evidence as mutually agreed upon in the Pre-Conference of the professional development activities you are actively participating in this year.  Provide evidence as mutually agreed upon of how you have supported your school's Continuous Improvement Plan in your classroom.

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Appendix E2. Teacher Observation Instrument:**  
**THI/TVI/SLP Post-Conference *Guiding Questions***

Standard	Element	Guiding Question(s)
Content	<b>Use of Resources to Support Content Literacy</b>	How did students demonstrate proficiency of the lesson's objective(s)?  Which specific research-based literacy strategies and/or communication skill building strategies did you use in this lesson?  Or to which specific annual IEP goals did your lesson align?
	<b>Presentation of Content</b>	Reflecting on the lesson objectives, how did you chunk the objectives, scaffold your instruction and ensure alignment to appropriate grade level standards and/or learning targets as defined by annual IEP goals?  How did you make your lesson relevant and create opportunities for interdisciplinary connections?
	<b>Application of Content</b>  <b>May be asked during Pre- or Post-Conference</b>	Advancing individual learning of the content is a challenging task. What factors and data did you consider as you planned, designed, and implement the instructional practices for this lesson?  How are you monitoring individual learning development for students?
Assessment	<b>Assessment Use and Alignment</b>	What specific assessment results show academic growth and/or mastery of the lesson objective (s)?  What percent of your students showed growth and mastery of lesson objectives individually or by subgroup?
	<b>Student Self-Assessment</b>	What processes or activities did you use to guide your students to self-reflect on learning targets, their work, and test results to address learning gaps and set learning goals?
	<b>Appropriate Assessment</b>	What data can you share from the assessments you used in the lesson to show they were appropriate for your students?
	<b>Utilizing Appropriate Data</b>	What did you learn from analyzing your students' assessment results and how will this guide your subsequent lesson planning?
Instructional Practices	<b>Reflection of Instruction</b>	What process do you engage in to determine your lesson's effectiveness?
	<b>Monitor and Adjust</b>	How did you monitor and adjust for individual student or sub-group learning needs?  What feedback did you provide to individual students or sub-groups to enhance their learning?
Professional Responsibilities  *The artifacts agreed to during the Pre-Conference will be observed, evaluated, and discussed in both evaluation cycles. Scoring entered during both evaluation cycles are for discussion and feedback only and are not to be averaged into the teachers overall performance score. Scores on all elements received during the Summative Evaluation Conference will serve as the final scores for this rubric.	<b>Classroom Performance Summative</b>	What practices do you use to ensure information about student academic performance is current?
	<b>Service to Students</b>	Provide evidence of student performance via student service logs and progress toward annual IEP goals as they relate to a student
	<b>Educator Disposition</b>	Provide evidence as mutually agreed upon in the Pre-Conference of the professional development activities you are actively participating in this year.  Provide evidence as mutually agreed upon of how you have supported the District-supported learning strategies

# Observation Frameworks

- F1. Classroom Profile for Classroom Teacher
- F2. Classroom Profile for THI/TVI/SLP
- F3. Sample Classroom Profile for THI/TVI/SLP

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Appendix F1. Classroom Profile for Classroom Teacher**

Teacher: \_\_\_\_\_ School: \_\_\_\_\_

Subject: \_\_\_\_\_ Period: \_\_\_\_\_ Date: \_\_\_\_\_

Please list characteristics of your class. Describe your students and provide pertinent information that would be helpful to your Evaluator.	
What are your classroom tardy and attendance policies?	
How do individual students identify and begin working on the daily objectives?	
If necessary, explain the arrangement of your classroom in terms of the seating chart and grouping.	
How do you address students' needs? How do you plan to individualize learning?  Areas to address may include:  Gifted and Exceptional Learner ESS ELL Reclassified ELL Disciplinary	
I encourage student-to-student collaboration in my classroom by:	
I promote student self-assessment in my classroom by:	
Additional Comments:	

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Appendix F2. Classroom Profile for THI/TVI/SLP**

THI/TVI/SLP: \_\_\_\_\_ School: \_\_\_\_\_

Subject: \_\_\_\_\_ Period: \_\_\_\_\_ Date: \_\_\_\_\_

Please list characteristics of your class. Describe your students and provide pertinent information that would be helpful to your Evaluator.	
Setting (e.g., classroom, lab, office, community).	
Profile of student or students (e.g., individual, group, disability category).	
Activity (e.g., lesson, intervention, therapy, evaluation).	
Purpose of Activity (to address learning targets and/or related service goals).	
Related activities (e.g., paperwork related to IEP, meetings, MIPS, consult services, and assistive technology).	
Additional Comments:	

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Appendix F2. Sample Classroom Profile for THI/TVI/SLP**

THI/TVI/SLP: \_\_\_\_\_ School: \_\_\_\_\_

Subject: \_\_\_\_\_ Period: \_\_\_\_\_ Date: \_\_\_\_\_

Please list characteristics of your class. Describe your students and provide pertinent information that would be helpful to your Evaluator.	
<b>Setting</b> (e.g., classroom, lab, office, community).	<b>Settings may be:</b> <ul style="list-style-type: none"> <li>• Classroom: HI/VI/SLI classroom, CBT, Practical, Medically Fragile, Advisory, LSL, general education classroom.</li> <li>• Community: campus environment, city community, neighborhood, retail locations, private school, District off-site community programs.</li> </ul>
<b>Profile of student or students</b> (e.g., individual, group, disability category).	Student needs may be addressed in a one on one environment, small group, large group, or whole class.  Disability categories may include: students with mild to profound cognitive deficits, hearing and/or vision impairments, and/or speech and language impairments.
<b>Activity</b> (e.g., lesson, intervention, therapy, evaluation).	<b>Activities may look like:</b> <ul style="list-style-type: none"> <li>• The THI/TVI/SLP is working on learning targets specific to a student's disability either one on one, in a group, or within a classroom (as a support to the teacher or direct instruction).</li> <li>• Providing academic support for content areas.</li> <li>• The THI/TVI/SLP may be administering standardized assessments, informal assessments, functional VI/HI/SLI assessments.</li> </ul>
<b>Purpose of Activity (to address learning targets and/or related service goals).</b>	To provide specially designed instruction to students with IEP eligibility categories in the areas of HI/VI/SLI.
<b>Related activities</b> (e.g., paperwork related to IEP, meetings, MIPS, consult services, and assistive technology).	The THI, TVI, or SLP may be participating in the following activities: Planning for therapy/services, writing progress reports, student logs, IEP's, MET's, Medicaid billing, consulting with general ed. teachers, special ed. teachers, support staff, facilitator, etc. Attending IEP's, METS, discipline-specific PLC's, and parent meetings as needed.  Assistive technology: May be traveling to lending libraries for assistive technology to use with students, conferences/in-services to learn new technology which may include magnification devices, BrailleNote, screen enlargement software, screen reader, FM systems, hearing aids, augmentative communication devices, switches.
<b>Additional Comments:</b>	The THI, TVI, or SLP will be evaluated using the teacher evaluation instrument with specific areas modified for the related service content.

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Appendix G. Case Manager Checklist.**

<b>IEP Compliance</b>	<p><u>The case manager maintains IEP compliance in:</u></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> 4. The case manager effectively facilitates and provides information for all IEP meetings.</li> <li><input type="checkbox"/> 3. 95% or more of his/her caseload.</li> <li><input type="checkbox"/> 2. 94-75% of his/her caseload.</li> <li><input type="checkbox"/> 1. Less than 75% of his/her caseload.</li> </ul>
<b>IEP Alignment with Common Core State Standards</b>	<p><u>The case manager applies CCSS to IEP present levels of performance and student goals:</u></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> 4. Always. He/she has a strong working knowledge of these standards.</li> <li><input type="checkbox"/> 3. Consistently.</li> <li><input type="checkbox"/> 2. Inconsistently.</li> <li><input type="checkbox"/> 1. Not at all.</li> </ul>
<b>IEP Student Goals</b>	<p><u>The case manager provides student goals that are:</u></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> 4, 3. Measurable, disability specific, applicable to student needs, and consistent with students' exposure to curriculum content.</li> <li><input type="checkbox"/> 2. Inaccurate, immeasurable, or not applicable to present levels of performance or current courses.</li> <li><input type="checkbox"/> 1. IEPs do not reflect students' academic and transition needs and abilities.</li> </ul>
<b>Progress Data</b>	<p><u>The case manager provides progress data that is:</u></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> 4. Consistently maintained and regularly provided to help determine IEP team decision, including but not limited to quarterly IEP progress reports.</li> <li><input type="checkbox"/> 3. Provided in quarterly IEP progress reports and consistently contains accurate progress measures.</li> <li><input type="checkbox"/> 2. Inconsistently provided in quarterly IEP progress reports and contains inaccurate or inappropriate data.</li> <li><input type="checkbox"/> 1. Not provided in quarterly IEP progress reports, and/or does not provide relevant or accurate information.</li> </ul>
<b>IEP Submission</b>	<p><u>The case manager submits IEP paperwork within the District-required FIVE days after the IEP meeting:</u></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> 4, 3. Consistently.</li> <li><input type="checkbox"/> 2. Inconsistently.</li> <li><input type="checkbox"/> 1. Never.</li> </ul>
<b>Accommodations and Modifications</b>	<p><u>The case manager:</u></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> 4. Intervenes when necessary to assure continued progress of ALL students. He/she effectively collaborates with teachers and related service providers to assist in student progress on IEP goals and course success.</li> <li><input type="checkbox"/> 3. Provides appropriate accommodations and/or modifications as needed by individual students within assigned courses.</li> <li><input type="checkbox"/> 2. Provides inconsistent or inappropriate accommodations and/or modifications.</li> <li><input type="checkbox"/> 1. Provides inappropriate accommodations and/or modifications.</li> </ul>
<b>Parent Contact</b>	<p><u>The case manager contacts parents to discuss student progress, elicit assistance, and/or to provide feedback:</u></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> 4. Consistently.</li> <li><input type="checkbox"/> 3. As needed.</li> <li><input type="checkbox"/> 2. Inconsistently.</li> <li><input type="checkbox"/> 1. Rarely.</li> </ul>
<b>IEP Involvement</b>	<p><u>The case manager:</u></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> 4. Consistently assists colleagues in areas of ESS content fluency and IEP compliance. He/she attends all required IEP meetings unless excused.</li> <li><input type="checkbox"/> 3. Attends all required IEP meetings.</li> <li><input type="checkbox"/> 2. Attends 99-75% of required IEP meetings, unless excused.</li> <li><input type="checkbox"/> 1. Attends less than 75% of required IEP meetings, unless excused.</li> </ul>

Procedure Manual: Teacher Evaluation (Rev. July 2015)

20	Formative assessments	Shared	Shared
<b>COMMENTS:</b>			

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Appendix I. Glossary of Terms**

<b>Term</b>	<b>Definition</b>
Annual Summative Evaluation Conference	That phase in the evaluation process consisting of the compilation of data from previous Observation Cycles and Professional Growth Plan reviews, as well as completion of the evaluation instrument.
Approximately	Not more than five points below the standard of measure.
AZCCRS	Arizona College and Career Ready Standards
Consistently	With great regularity in practice.
Continuing Teacher	A “continuing status teacher” is one who has been employed by the school district for the major portion of three or more consecutive school years and has met the requirements outlined in the previous Probationary Teacher section. A continuing teacher who was assigned probationary teacher status pursuant to A.R.S. § 15-536, shall be returned to continuing teacher status upon designation in either of the two highest performance classifications. three years.
Days	Unless otherwise noted, days will be considered instructional days (days when students are attending class).
Developing	Developing- performance characterized by an approaching acceptable demonstration of professional skills and teaching behaviors in the elements/standards. An overall rating of at least 1.5 and up to 2.49 results in a developing performance classification.
Effective	Effective- Performance characterized by consistently effective demonstrations of professional skills and teaching behaviors in the elements/standards. An overall rating of at least 2.5 and up to 3.49 results in an effective performance classification.
Elements	Descriptors which comprise the evaluation.
ETOC	Exemplary Teacher Observation Cycle. Aggregate score of 3.75 or higher is attained, based on the teacher’s performance on the first four standards with no score below 3.
THI	Teacher(s) of the Hearing Impaired
HI	Hearing Impaired
Highly Effective	Highly Effective - Performance characterized by consistently exceptional demonstrations of professional skills and teaching behaviors in the elements/standards. An overall rating of 3.5 or greater results in a highly effective performance classification.
Holistically	Teacher’s instructional plans include formative and summative assessments, taking into account a students’ learning styles and needs to measure basic skills, knowledge, and overall comprehension and application of the learning objectives.
Inconsistently	Demonstrated sometimes but with notable gaps in frequency/regularity.
Ineffective	Ineffective- Performance characterized by consistently ineffective demonstration of professional skills and teaching behaviors in the elements/standards. An overall rating of 1.49 or below results in an ineffective performance classification.
Learning Target	Specific, measurable sub-objectives

**Procedure Manual: Teacher Evaluation (Rev. July 2015)**  
**Appendix I. Glossary of Terms**

<b>Term</b>	<b>Definition</b>
Not Observed	Any individual element that was not observed during the observation cycle and whose absence did not hinder student learning. Can only be assigned once a school year on any element(s).
Observation Cycle	Each full cycle consists of a Pre-Conference, a classroom observation, and a Post-Conference.
PDP	Professional Development Plan
Performance Classification	An overall rating of a teacher's performance for each of the elements/standards in the evaluation instrument. The overall classification is determined as a result of the annual observation.
Performance Improvement Plan	PIP. A plan that a teacher develops collaboratively with the evaluator or evaluation team to improve an overall performance classification of ineffective on the annual evaluation in one or more standard(s). The Performance Improvement Plan replaces the Professional Development Plan.
PGP	Professional Growth Plan
PIP	Performance Improvement Plan
Professional Development Plan	PDP. The Professional Development Plan supersedes a Professional Growth Plan with purpose of providing the teacher with the opportunities to overcome deficiencies which lead to a Developing or Ineffective rating.
Professional Development Team	A team consisting of the evaluator and the teacher who collaboratively design the Professional Development Plan. The teacher may request a colleague to participate on the team.
Professional Growth Plan	PGP. A written document in which the teacher indicates his/her annual learning objectives, activities, and evidence of professional growth. For probationary teachers, the professional growth plan is the new teacher induction program.
Professional Growth Plan Cycle	The period of time during which the teacher accomplishes the objectives identified in his/her professional growth plan.
Proficiency	The line of demarcation between a rating of developing and effective.
Proficient	Teacher attains a level of effective in a standard.
PUHSD Probationary Teacher	A certified employee who has been employed on a full-time basis by the PUHSD for less than three years or who is beginning the teacher's fourth year of employment and who has been designated in one of the two lowest performance classifications.
Reclassified Probationary Teacher	A certificated teacher who is currently a continuing teacher as defined in A.R.S. § 15-538.01 but who has been designated after an evaluation conducted according to the requirements pursuant to A.R.S. § 15-537 in the lowest performance classification for the current school year shall become a probationary teacher as defined in A.R.S. § 15-536 for the subsequent school year and shall remain a probationary teacher until that teacher's performance classification is designated in either of the two highest performance classifications.
Rubric	Observation Instrument. A written description of various levels of performance on the elements/standards. The performance levels are Highly Effective, Effective, Developing, or Ineffective.
Semester	18 calendar weeks.

**Appendix I. Glossary of Terms**

<b>Term</b>	<b>Definition</b>
SLI	Speech or Language Impaired
SLP	Speech and Language Pathologist(s)
Specially Designed Instruction	<p>From the IDEA regulations, Sec. 300.39 Exceptional Student Services.</p> <p>(a) General.</p> <p>(1) Exceptional Student Services means specially designed instruction, at no cost to the parents, to meet the unique needs of a child with a disability, including -</p> <p>(i) Instruction conducted in the classroom, in the home, in hospitals, and institutions, and in other settings; and</p> <p>(ii) Instruction in physical education.</p> <p>(b) Individual exceptional student services terms defined. The terms in this definition are defined as follows:</p> <p>(3) Specially designed instruction means adapting, as appropriate to the needs of an eligible child under this part, the content, methodology, or delivery of instruction—</p> <p>(i) To address the unique needs of the child that result from the child’s disability; and</p> <p>(ii) To insure access of the child to the general curriculum, so that the child can meet the educational standards within the jurisdiction of the public agency that apply to all children.</p>
Standards	The cornerstones of professional practice comprised of elements that measure teacher performance.
STOC	Successful Teacher Observation Cycle. Aggregate score of 3.3 or higher, based on the teacher’s performance on the first four standards with no score below 3.
Sub-groups	Groups of students with similar needs as identified by the teacher.
SY	School Year
Systematically	All student needs are incorporated in the teacher’s educational and assessment plans, with a clear rationale that addresses learners individually, in student groups, and as a whole class.
Teacher Evaluation System	A systematic, ongoing process designed to improve instructional practice and teacher performance.
TVI	Teacher(s) of the Visually Impaired
VI	Visually Impaired
Whole Class	All students in the class are addressed and evaluated in the same manner. Differentiation and/or accommodation is not made for subgroups and/or individual student needs.
