What Is Star Wars Day: Star Wars Day, May 4, celebrates George Lucas's Star Wars media franchise. Observance of the commemorative day spread quickly through media and grassroots celebrations. The date was chosen for the pun on the catchphrase "May the Force be with you" as "May the Fourth be with you". Even though the holiday was not created or declared by Lucasfilm, many Star Wars fans across the world have chosen to celebrate the holiday. It has since been embraced by Lucasfilm and parent company Disney as an annual celebration of Star Wars.

How You Can Celebrate: Star Wars Day is all about showing your love for Star Wars! We've compiled a list of all the books, movies, and TV shows so you can relax at home with your Leia buns and lightsaber, and enjoy!
